

There's no better way to learn a method

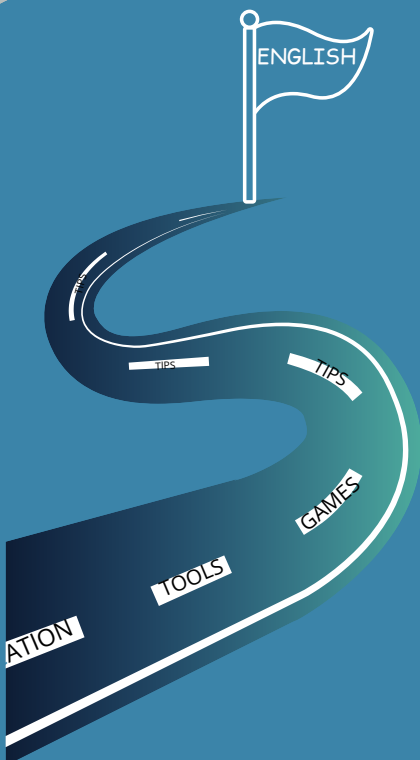

THAN THROUGH
EXPERIENCING IT

ENGLISH B1 (CEFR)

THIS IS A TRANSVERSAL COURSE
THAT FOCUSES ON THE
DEVELOPMENT OF THE LANGUAGE
AND THE FAMILIARIZATION WITH
TOPICS RELATED TO TEACHING

YOU'LL DISCOVER A NEW WORLD AND
ENJOY A FANTASTIC STAY IN
PAMPLONA, SPAIN

Location: Pamplona, Navarre (SPAIN)

San Fermín is a unique festival in the world. We designed this course so you can combine learning interesting teaching tools through English with the experiencing one of the world best known festivals.

The timetable has been shaped so the trainees have free time to enjoy the countless activities done all around Pamplona during these days. A perfect combination of training and disconnection.

General Overview

In this transversal course we will work on the five language skills (listening, speaking, reading, writing and interacting) using meaningful topics for teachers such as innovative techniques for helping our students to become better learners, technological tools and skills, we will analyze the different Learner types and what to do with them...

These activities will have a double aim: on the one hand they will try to be examples of activities we can do in the classroom and, on the other hand, they will try to be a starting point for using English, practicing it and, therefore, improving it.

The course will be essentially practical and we will be expecting the trainees to infer the theory.

Target Audience

Pre-service and in-service teachers for all ages

Objectives of the Course

- To be more competent in the use of the oral English, doing so in a fluent way, being able to show it both in classroom-related activities and in communicative ones.
- To interiorize the different learner types to be able to know the better way to teach them.
- To know technological tools that will motivate the teacher and her students.

Course outline/ Contents

- *The use of English in communicative and writing situations.*
- *Technological tools and skills.*
- *Create dynamic lesson plans.*

- *Studying new techniques.*

Week overview

- Sunday July 10th:
 - 08:00 to 11:00 English B1
 - 11:00 to 16:00 Visit to the Olite castle and farewell lunch

Course Evaluation

There will be an initial and final english test. All along the course, the students will also have the chance to put in practice and check the language they are learning through formative assessment.

Comments

The course will be practical. We will work from the examples and we expect the trainees to do an effort outside of the training course to reflect upon the activities we develop in the class so they can understand the theories and techniques behind the examples we will have experienced.

Duration of the course

Our 7-day course, starting on Monday and finishing on Sunday, is a very efficient way to implement your mobility by integrating your learning while saving time and expenses.

The 30 hours duration of the course is applied on average considering all training days of the course, for the implementation of the objectives and lessons, in connection with the "Quality standards for courses under Erasmus+ KA1"

Complementary Activities Included

- A guided tour around the city for the trainees to get familiar with emblematic and important spots.
- A guided visit to a medieval castle. After the visit, there will be a special lunch.

Additional Complementary Activities

- Other cultural activities will be recommended on arrival.

Available lodging

Finding lodging in Pamplona during San Fermín is borderline impossible. Nevertheless, we have managed to design a collaboration agreement with Bcome, a brand new student residence in the city not far from the premises of the training course and close to the city center, but not too much, so you can get some rest.

All the rooms have en-suite facilities and wi-fi access. The center has study areas available. The trainee will be able to choose between a room with a kitchen or without.

For staying in Bcome, the trainees will have to book it through Nessla, as the center has reserved some rooms for us. The booking should be as soon as possible, as the amount of available rooms is limited and we cannot guarantee last-minute availability.

The prices per night are the following:

- Single room (without kitchen): 87€
- Single room with kitchen: 93€
